

Hello and welcome!

- This is your home assignment for the World Design QA Tester position at SCS Software.
- This assignment evaluates your attention to detail, bug detection skills, and ability to document issues clearly.
- Please read the following instructions carefully before you start!

What will you do:

- You will review numbered screenshots, each showing a specific location in the game.
- Each screenshot includes the country of origin, which may or may not be relevant to the issue – apply your own judgment.

Instructions:

- Inspect each screenshot carefully for bugs, visual and gameplay issues, or inconsistencies.
- Highlight the issue in the screenshot using the graphic editor of your choice.
- Write a clear description of the issue in English.
- If multiple issues exist in a screenshot, list them all.
- Save all images and notes in a single PDF file.
- Send the PDF file to the email address from which you received this assignment.

Deadline:

- You have 7 days to complete the assignment.
- If you are unable to meet the deadline due to prior commitments, please inform us as soon as possible.

Thank you for your time and effort, and good luck!
